

Greetings!

We have received several concerns regarding beavers in the ALHOA community. To address these concerns; beaver traps are scheduled to be set on or before **January 17, 2018** around the beaver activity. Please be mindful of the following:

- The traps can be/**are very dangerous.**
- No one is to tamper with the traps.
- The traps are tagged and may or may not be visible;
- Please keep away from the traps OR going near the water areas and this includes children, pets, etc.

Please note:

The Virginia Professional Wildlife Removal Services is not responsible for anyone/anything that goes near the traps.
